To facilitate our commitment to providing you with a high level of service, we've created a new community website just for our residents:

You can bookmark this link or access the site directly from the residents page of our main website:

This site was established to improve communication as well as build a sense of community. It gives us a centralized place to post notices about upcoming events and community activities. In addition, we'll be providing information that will help you get more familiar with the resources in your neighborhood, including nearby restaurants and things to do.

We know that everyone has communication preferences, and for this reason, you'll be able to receive this information automatically if you follow us on Twitter or Facebook. You can also sign up to receive all new announcements by email.

Choose what's best for you:
